1. Don't know the position of the entry. Just go through IVLE and find it.
2. Dun know there is a new version used textbook forum.
3. Take a few steps to find out the updated used textbook forum in new IVLE.
4. The new one looks nice.
5. Moving the mouse on the title, can know it is a link. But it is an old version style. Cannot say whether like it or not.
6. (Open the first post)Cannot find the contact of the seller.
7. People will first find a contact. Because I think people would rather to send a SMS than leave a message. It is because leaving a message will cost a long time for the seller to notice. During the time, the textbook may be sold already.
8. I want to receive the reply within 5 min.
9. How often do you check your post —> 5-10 min.
10. If I want to buy a book, I will check several sellers.
11. Do you know any other platforms —> Carousell. I check the book using the app, as well.
12. Do you know there is a NUS market place on Carousell? —> NO!
13. There is no explicit module for what I want to buy. Since I want to buy a book which is not used in our course.
14. Which one will you choose? —> IVLE one. Because it is within NUS. If the seller is form NTU, then it will be troublesome.
15. Are you willing to use a new platform? —> It depends on whether it is popular and easy to use.
16. If the IVLE forum have an app, which one will you like to use? —> Maybe the app.
17. What UI do you expect? —> Simple, easy to use.
18. Do you know there is a IVLE app and a forum inside it? —> NO
19. I have sold a book on IVLE. But only once.
20. Will you update your selling status? —> Yes, I will. I dun think it is troublesome.
21. If it is come from a module, I will type in the module code in title. It it is a personal book, I will type the full title.
22. I will attach the photo of the book.
23. The attached audio is useless.
24. There are a lot of buttons. Do you know what's the use of them. —> Not so sure, I need to check.
25. Do you think other faculty's students can use the forum well? —> Yes, bcos they know how to use the ivle. They are quite consistent. It is hard for a person to use a new system if there is no guild.
26. Do you think the full name should be put in the forum? —> I think it is fine.
27. Do you think the sorting method is useful? —> I have never used the sorting function. The old version's sorting is very useless.
28. After the sorting, if you want to see the most recent post, how can you do? —> I have no idea. I think the whole sorting algorithm is wrong.
29. The whole UI logic is wrong. Very confusing.
30. There is a guideline, have you read it? —> It seems a guideline for other things.
31. The UI is not attractive, not colorful.
32. Rate: 1-10, what is your grade? —> 5-6. Bcos it is still usable. And we do not use it a lot. Since we only use it in the beginning of the sem.
33. What's the core function? —> For buyers, it is search. For sellers, it is connivence of making a new post.
